THE WEEKLY DIGEST

Volume 44—Number 7

Section TWO

Week of August 12, 1962

INDEX TO VOLUME 43

January Through June 1962

As you know, items in **QUOTE**, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of **QUOTE**, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Advertising—21-3;" tells you that an item on Advertising will be found in the twenty-first issue of **QUOTE** under number 3.

One or more letters, following an issue number, refers to material in regular departments. For example: "April Fools' Day—11-SB;" indicates that an item on April Fools' Day appears in *Scrap Book* in issue number 11. The reference to "Beauty—2-BB;" means that an item on that subject appears in *Book Briefs* in issue 2. The reference to "Art, Modern—2-j;" means that an item on that subject will be found in the regular *Good Stories* section of issue 2 under index letter j.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively. In the index, a reference such as "Africa—5-11Q;" refers to a quotation on that subject in the fifth issue, numbered eleven in the *May We QUOTE . . .* section. When the letter t follows the Q as in the reference "Cleanliness—8-2Q-t;" it indicates the special *Quote-ette* feature in issue 8. A complete list of department abbreviations appears below:
